138TH INFANTRY SUFFERED MANY LOSSES SAYS DOWELL

Morris Dowell of the 138th Infantry 35th Division arrived here early Tuesday morning from Camp Funston where he was discharged.

Dowell is a son of Joe Dowell and enlisted in the service two years ago. He sailed for France in May 1918 and was over there just about a year, lacking a few days. He saw active service on the Argonne, Meuse, Verdun, St. Mihiel and Vosges fronts and came out with only being slightly gassed.

He landed in New Port News on his return, April 28 and took part in the big parade in St. Louis last week. Dowell was a stretcher bearer and had many narrow escapes. In talking to a Ledger representative Monday morning he stated that they all had narrow escapes though.

Dowell said that out of 167 men who went over the top in taking a certain hill from the Germans, 101 were either killed or wounded. They took the hill after the French had failed.

One of Dowell's sergeants whose name is in Perry, Mo., was shot through the neck by a machine gun shell and Dowell says he dressed the wound, which was the ugliest one he had seen. He didn't see how the sergeant could possibly get well but this sergeant came down on the same train from Funston with Dowell Monday night.

Paul Jesse, Bryan Ridgeway, Ray Ridgeway, Will Goldy, Eugene Tomlinson and Foy Dean other Mexico and Audrain boys who were in the 138th with Dowell have arrived in Mexico. They are all looking well. Bryan Kelso will arrive tonight and Dee Johnson will remain in the hospital at Camp Funston for several days.

**JUDGE BOTTS WORKS
 FIVE DAYS AND NIGHTS
 IN CONTINUOUS SESSION**

Returned Tuesday After Legislature
 Completed its Work For This Session.

Judge W. W. Botts, representative from Audrain County in the Missouri Legislature thinks that a five days and five nights continuous session with a pay of \$1.00 for his work is enough to entitle him to a much needed rest.

The regular session of the legislature was to have adjourned last Wednesday but held over several days. The Thursday following, the legislators received \$1.00 and from Friday until Tuesday they were in continuous session closing up the work and received \$1.00 for their work.

Judge Botts told a Ledger representative that they were making sure that there would be no extra session.

In touching on the work done by this session he said that the taxable laws were left very much as they were before the session and that the Tax Commission was left in tact but there was no provision made for tax commissions, that a provision was made for the necessary clerks but the commissioners would have to work without pay.

In speaking of his road bill Judge Botts said it died in the House and that after they had passed the Morgan Road Bill the legislators seemed to think they had done enough on the road question and killed most every other road bill.

"It would only take me a few minutes to tell you what we did," the Judge said, "but it would take me a month to tell you what we didn't do." He arrived here Tuesday at noon.

Breaking a World's Record in an Overland

Overland Model 90 Travels Seven Days Without Stopping Motor
 COVERED 4,370.1 MILES
 Gear Was Sealed in High, Making Hardest Possible Test on All Car's Working Parts.

Remarkable automobile performances are not as frequent these days as they were four or five seasons ago; the American automobile manufacturer has attained so very high a standard of product. That may explain why so much unusual attention has been attracted during the last few days to a new world's performance record made by an Overland stock car, Model 90.

New from the factory, this Model 90 was taken from the salesrooms of the Carhart Motor Company at Oklahoma City, Okla., on March 29th, and driven to the lobby of the Lee-Huckins Hotel. There the gear shift lever was disconnected from the low, middle and reverse gears, and the gear-box was sealed in high. The motor was started; the car left the hotel and did not return for seven days; that was April 5th.

The Overland 90, driven by a relay of four drivers, ran night and day, the motor never stopping for 168 continuous hours. The drivers had no advantage of gear shifting during the two days of rain on muddy roads and the twelve to fifteen hours they spent each 24 hour day on good and bad city pavements, in the rush of traffic, and on the Oklahoma roads. It has been said that if a motor car will stand up on an Oklahoma road, it will endure in any other section of the world.

In these seven days and nights, during which the gear could not be shifted from high, nor the motor stopped for carburetor adjustment or spark plug change, the Model 90 broke the world's record for a test of this kind. The speedometer, carefully checked, showed that it had traveled 4,370.1 miles. That is practically one-sixth around the world, or a distance equal to a trip from New York to Los Angeles and back across the southern trail to Oklahoma City.

This remarkable non-stop performance in high gear exceeded the next best record made by 129.1 miles.

SUPPLEMENT TO The Weekly Ledger

DAUGHTER OF H. L. HAM-
 MOND SCALDED BY
 BOILING COFFEE

Perculator Turned Over and Spilled
 Coffee Over Her Body Monday
 Afternoon.

Hazel Hammond, the nine year old daughter of Mr. and Mrs. H. L. Hammond was badly burned about her leg and hands Monday afternoon when a perculator containing boiling coffee turned over on her.

Hazel was sitting in a chair near the oil stove and had feet propped against the bottom part of the stove. The perculator slipped off the stove and threw the coffee on her right leg and her hands.

She was badly scalded and suffered severe pain for a while. She was rest-

Sheriff Arrests Audrain Negro.

Sheriff Ford arrested Robert Baker, colored, for threatening to kill Richard Branham another negro Monday by running Branham off of his own place with a shot gun.

Sheriff Ford brought Baker to town Tuesday where he waived his preliminary hearing and was bound over for Circuit Court. Mr. Ford told a Ledger representative that according to Branham's story, Baker came in his place and approached him with a shot gun. He told Branham that he (Baker) understood that Branham had said he would kill him. Branham denied it and Baker called him a liar saying he would kill him (Branham.) Branham made his get-away and came to Mexico where a warrant was sworn out for Baker's arrest.

Callaway county is busy on work improving the roads leading to Audrain county from Fulton and Auxvasse.

Big K. P. Meeting.

At the Knights Pythias meeting Monday evening the Second Rank was conferred and eleven visitors from Wellsville attended. Following the meeting the lodge and guests enjoyed lunch at the Hoxsey.

Miss Erb Undergoes Operation.

Miss Josephine Erb, cashier at the Alamo Hotel underwent an operation for appendicitis at the Amanda Hospital Monday afternoon. She is reported as getting along nicely.

George Hall Dead.

George Hall, formerly in the Poultry business in this city, died at his home in St. Louis, Tuesday. The body will be brought here this afternoon for burial Wednesday. No particulars could be secured regarding his death. He leaves a son, George Hall, Jr., who resides near this city. The Ledger joins in extending sympathy to the bereaved.

WHY DOCTORS PRESCRIBE THE NEW CALOMEL

Medicinal Virtues Retained and Improved—Unpleasant and Salivating Qualities Removed—New Variety Called "Calotabs"

Of all the medicines in the world, doctors prescribe calomel most often and depend upon it most universally. There must be a good and sufficient reason—what is it?

If you will study the doctors' books you will find that the medical authorities prescribe calomel for almost every disease. The reason is that calomel is the greatest and only thorough system-purifier. It makes the liver active, drives out the poisons from the stomach, bowels and kidneys and thereby purifies the blood. Calomel puts the entire system in the most favorable condition for Nature to exercise her recuperative power. That is why he prescribes calomel so often.

The new kind of calomel, called "Calotabs," is refined and purified from all of the nauseating and dangerous qualities of the old style calomel and is rapidly taking its place, for it is more effective than the old style calomel as a liver-cleanser and system-purifier. One Calotab at bedtime, with a swallow of water—that's all. No salts, no nausea, nor the slightest unpleasantness. Next morning you awake feeling fine—with a hearty appetite for breakfast. Eat what you please. No restrictions of habit or diet.
